Sent on behalf of the Communities & Health Integration Manager

Dear Parish/Town Councils,

I am writing to inform you of some changes to the Mobile Food Store service.

The Mobile Food Store service delivered by Kickstart has concluded. We sincerely apologise that you weren't informed about the closure before the Easter break.

We understand the importance of convenient access to low-cost fresh food options. We were previously excited to announce the launch of a new food service programme in conjunction with the new Inspiring Communities programme.

Unfortunately, due to unforeseen delays in programme approval, the new service is not ready to launch. However, we are actively working alongside the Norfolk Community Foundation to expedite the launch of the new food service. We are committed to minimising any disruption and will provide a further update as soon as we have confirmed plans.

In the meantime, we encourage Parish and Town Councils to ask residents to explore alternative food options in their area. You can find a list of local food hubs, foodbanks, and community fridges on [Food - Breckland Council](#).

We apologise for any inconvenience caused by this delay and appreciate your understanding.

Thank you for continued support.

Best wishes,

Joshua Fulcher
