

OXBOROUGH SPEEDWATCH

Report to Oxborough Parish Council April 2025

The Oxborough Speedwatch group is now in its ninth year and there are currently nine members in the group which includes two of the original six.

We try to conduct monitoring sessions at least once a week but this is dependent on weather and volunteer availability. As in previous years the weather has not been cooperative.

Data from the SAM sign is now being received regularly and also being sent to the police.

Elaine Willies and I attended the coordinator's meeting in June of last year. It was an informative day and quite interesting to see that academic research into the role and effectiveness of Speedwatch is being carried out. In spite of what you may have seen in a recent EDP article where comments were very scathing about Speedwatch and the volunteers, the research has shown that a majority, 70%, of those questioned agreed that Speedwatch was effective and kept people safe.

We were also given some information about Operation Octane which targets illegal car meets across Norfolk. The proactive approach has proved successful in reducing the amount of dangerous and antisocial driving associated with the meets.

Unfortunately we have been unable to organise a group lunch for some time due to the other commitments of the volunteers. Lunch is my first priority when I start creating a rota!

I would like to thank the group of volunteers for their continuing support, hard work and good humour.

Anyone interested in joining the group please either contact me, or come and have a chat when you see us out. A larger pool of volunteers would mean we could conduct more sessions or each member would do fewer.

Frankie Watkins

Oxborough Speedwatch Coordinator. Tel 328 366
